CSP-10L EX
Explosion Proof Washing SYSTEM

6 Years WARRANTY

24/7 Support

ATEX | IECEx | SS 304 | SS 316L | IP66

The CSP-10L EX washer tank is a reliable solution for CCTV surveillance in demanding environments. It helps maintain clear camera images under all weather conditions while significantly reducing maintenance requirements.
The unit features a 10L stainless steel 316L tank equipped with an explosion-proof certified solenoid valve. A pressure switch regulates the internal tank pressure, and the entire housing is constructed from corrosion-resistant stainless steel 316L. This robust design makes it suitable for onshore, offshore, marine, and heavy industrial applications.
The CS-10L EX explosion-proof washer tank is specifically designed for CASE explosion-proof cameras and is also compatible with most third-party systems.
